How to Access the POWER Library Databases

1. Go to your local library's website and click on the POWER Library icon:
2. When requested, type in your library card number. Please contact your library if the number is not working or if you do not have a library card.
3. Subjects are shown by Resource Blocks. Click on a database under a Resource Block.
4. Type in your search term and then scroll down the page to select search options. Clicking full text indicators, searching for related words, or searching within the full text of the article will enhance your search on most databases. Enclosing a string of words within quotation marks will ensure that search results deliver items with that exact phrase.
5. Click the search button, click go or press enter to activate your search.
6. Some databases may ask you to select additional options in lieu of entering search terms.
7. Results may be printed, emailed or saved to disc.

This brochure was supported in whole or in part by the Institute of Museum and Library Services under the provisions of the Library Services and Technology Act as administered by the Office of Commonwealth Libraries, Pennsylvania Department of Education.
